

SAFETY TOOL BOX MEETING

NO 7 - EYE PROTECTION

1. A tiny fragment in your eye can cause disaster.
2. See the first - aider for treatment to eyes - not a dirty handkerchief.
3. You have a legal obligation to wear or use the eye protection provided in accordance with regulations and a risk assessment.
4. Even if you are not carrying out one of the specified processes you may be at risk, so wear or use the eye protection provided.
5. Do not watch welding processes unless your eyes are properly protected.
6. Do not go into areas where eye protection is required unless you are wearing protective equipment.
7. Take care of any protective equipment issued to you.
8. Have any damaged, lost or unserviceable protective equipment replaced immediately.
9. Make sure your eye protectors are suitable for you and for the work being done.
10. Ensure that eye protectors are comfortable to wear and keep them clean.
11. The place for eye protectors is over your eyes - not on your head or round your neck.
12. REMEMBER - eye protectors are replaceable; your eyes are not.

A SENSIBLE WORKER VALUES HIS/HER SIGHT

I have given the above talk to all men under my control.
